

# Tree removals at Corktown early works site

Starting as early as February 1, 2022

## Timing

- **Scheduled start:** February 1, 2022
- **Duration:** Two days
- **Days:** Weekday
- **Hours:** 7 a.m. - 6p.m.

## What to expect

- The arborist report completed for early works at the Corktown Station site identified that 13 trees need to be removed to clear the perimeter of the work zone. A total of 84 trees were inventoried at the Corktown site:
  - 71 trees were identified to be retained - all will be protected
  - 13 identified for removal
- The report for the Corktown site was completed by a certified arborist from the International Society of Arboriculture (ISA). Each inventoried tree has an associated City Tree Protection Zone (TPZ) based on its Diameter at Breast Height (DBH). A qualified arborist will supervise all work undertaken within the minimum Tree Protection Zone and direct construction workers as required.
- In accordance with the Metrolinx Vegetation Guideline, compensation will be provided for all trees removed from public property on a 3:1 basis.
- Residents and businesses near the work site can expect to hear noise caused by trucks and other construction equipment. No impact on pedestrians, traffic or road access is expected.

## The Ontario Line

-  15.6 kilometres of transit service
-  Making it faster and easier for hundreds of thousands of people to get where they need to be

-  Over 40 new connections to GO train lines and existing subway, streetcar, and bus lines.
