

Overnight hydrovac test pits work at Queen Street West and York Street

Starting as early as Sept 20, 2022

What is happening?
 Metrolinx will be using small hydrovac trucks to gather information and evaluate underground conditions. Using this information, Metrolinx can determine the construction approach for this project.

Timing

- **Scheduled start:** Sept 20, 2022
- **Duration:** Two days
- **Days:** Weekdays
- **Hours:** 9 p.m.-5 a.m.

What to expect

- To safely carry out this work the north lane on Queen St W will be closed for the duration of this work.
- A paid duty officer will be on site to help direct traffic.
- Residents and businesses can expect to hear noise caused by trucks and other equipment related to this work. Every effort will be made to minimize disruptions.
- There will be temporary impacts to pedestrian traffic. Barricades and pylons will be used to help redirect pedestrians to the opposite sidewalk.
- Spray paint and stakes will be used to mark locations of underground utilities.
- Work may be delayed or rescheduled due to weather conditions or unforeseen circumstances.

The Ontario Line

15.6 kilometres of transit service
