

# Archeological Assessment - Test Pitting near the Don Yard

Taking place on September 14, 2022

### What is happening?

Metrolinx will be using handheld devices to gather information and evaluate underground conditions of the site. Using this information, Metrolinx can determine the construction approach for this project.

## Timing

- **Scheduled start:** September 14, 2022
- **Duration:** One (1) day
- **Day(s):** Wednesday
- **Hours:** 8 am- 5 pm

## What to expect

- The crew will be digging 30-centimeter diameter test pits by hand into the soil. The soil will then be screened over tarps. Upon completion, crews will refill the tests pits.
- There is no noise associated with this work or any lane closures.
- The crew will scoop off the sod plug from the top and replace that after they are done with each test pit.
- Shovels and portable screens will be used for this activity and a handheld GPS will be used to record the work.
- No impacts to pedestrians or sidewalks are expected.
- No work equipment will be left on-site.
- Work may be delayed or rescheduled due to weather conditions or unforeseen circumstances.

## The Ontario Line

- 15.6 kilometres of transit service
- Making it faster and easier for hundreds of thousands of people to get where they need to be

- Over 40 new connections to GO train lines and existing subway, streetcar, and bus lines.
