

Signal Conduit Work Under the Sheppard Avenue East Rail Bridge

May 25, 2021

(Signal conduit installation on the north side of Sheppard Avenue East)

What is Happening?

As early as May 25, 2021, crews will begin installing brackets and signal conduits under the Sheppard Avenue East rail bridge. Work will take place in stages, beginning on the north side of Sheppard Avenue East for approximately one week followed by the south side works for approximately one week. To perform these activities safely, temporary lane closures and a pedestrian detour will be implemented.

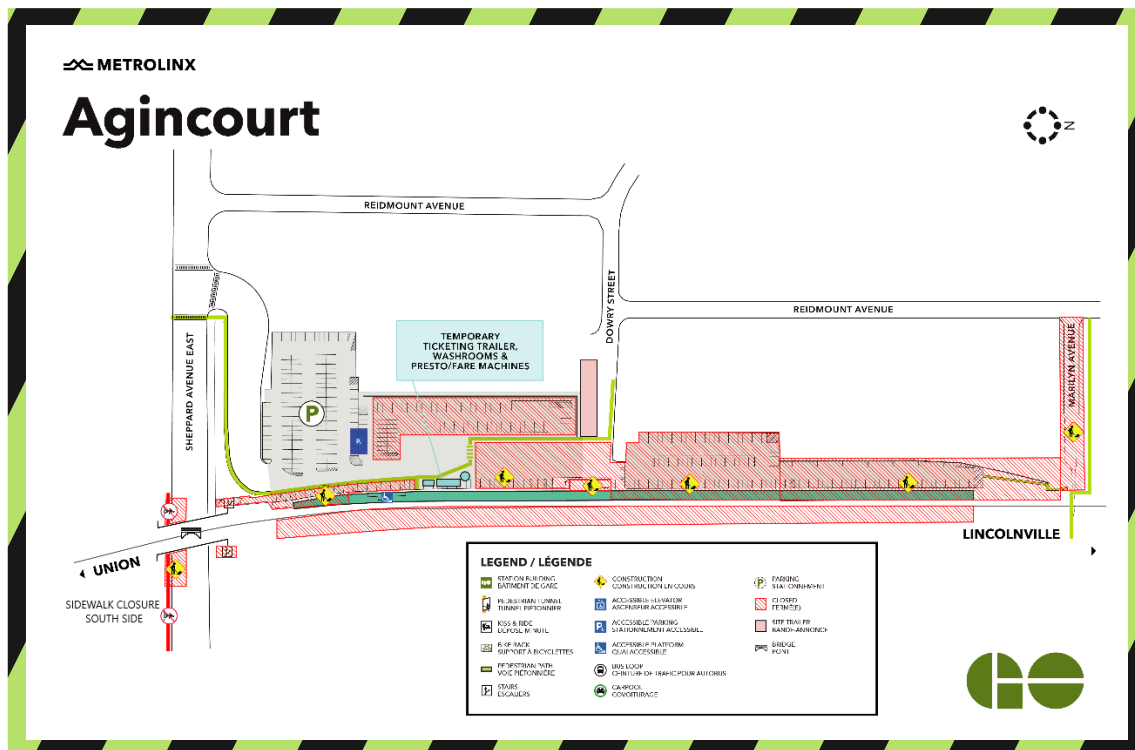

What to Expect

Crews will erect a working platform under the bridge. While work takes place on the north side of Sheppard Avenue East, the north sidewalk will be closed and pedestrians directed to the available south sidewalk. When work begins on the south side of Sheppard Avenue East, the south sidewalk will close and pedestrians will be directed to the available
