

# TRANSFORMING TRANSIT IN YOUR AREA

Information as of January 14, 2020

## **Pedestrian Maze Barrier Installation, Stouffville Corridor January 20, 2020 to Mid-February 2020**

Metrolinx is working to transform the way the region moves by building a seamless, convenient and integrated transit network across the Greater Golden Horseshoe Area. Metrolinx is transforming the existing GO rail system to deliver a whole new rapid transit experience to your community. With more frequent train service you'll have more options to get you where you need to go.

### **PEDESTRIAN MAZE BARRIERS**

For added safety, Metrolinx will be installing pedestrian maze barriers at three crossings along our Stouffville Corridor - **Havendale Road, Huntingwood Drive and Finch Avenue** (please see photo below of a previously installed pedestrian maze barrier). These pedestrian safety enhancements are intended to work together with the existing railway signals and crossing arms to bring greater community awareness to the railway road crossings and provide pedestrians with a designated waiting area, located safely away from the railway tracks.

### **WHAT TO EXPECT**

Starting **as early as January 20, 2020**, installation of pedestrian maze barriers will begin. A temporary sidewalk closure is required to safely install the pedestrian maze barriers.

While construction begins on one side of the road (north or south), the other side of the road will remain open to minimize the impact to pedestrians.

### **Work Will Include:**

- Removal of the existing concrete sidewalk on both the Northern and Southern side of each crossing.
- Installation of new granular material, and concrete with an embedded tactile plate.
- Installation of pedestrian maze barriers.

### **CONTACT US:**

Should you have any questions, please contact Prince Hall at 416-202-1516 or email [prince.hall@metrolinx.com](mailto:prince.hall@metrolinx.com)

### **VISIT US:**

Stouffville Community Office | 4142 Sheppard Avenue East, Scarborough [Steps away from Agincourt GO Station]
