

Steeles Avenue East Road Closure

Timing: April 1 at 8:00 p.m. - April 4 at 6:00 a.m.

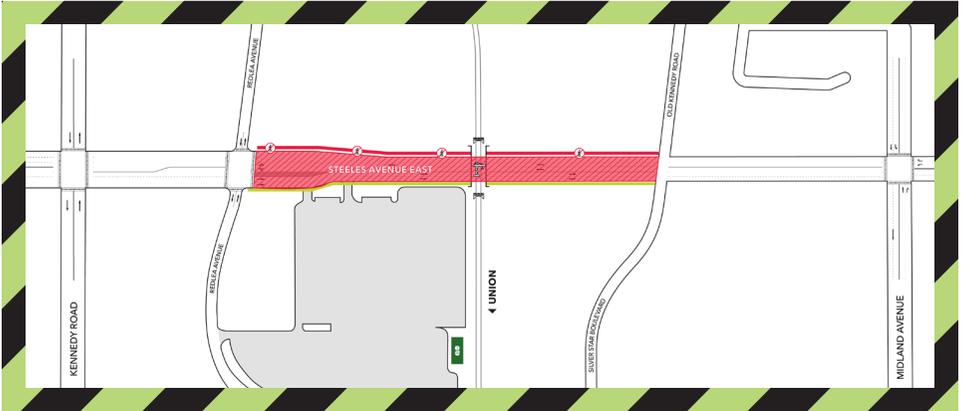

WHAT DOES THIS MEAN FOR YOU

During the weekend closure, traffic delays are expected. Detour routes will be clearly signed for drivers and pedestrians.

- Eastbound traffic will be directed south on Kennedy Road to McNicoll Avenue and north on Midland Avenue.
- Westbound traffic will be directed south on Midland Avenue to McNicoll Avenue and north on Kennedy Road.
- Alternate routes will also be available north of Steeles Avenue East. Signage will be installed directing drivers to available routes.

NEIGHBOURHOOD CONSTRUCTION IMPACTS

Metrolinx contractors will be working during the day and **overnight on the weekend of April 1 to April 4**. You may experience noise from construction crews and equipment. Every effort will be made to point lights away from residential doors and windows. Should there be inclement weather or other unforeseen circumstances, the alternate weekend for the road closure and associated works is April 8-11.

Metrolinx, an agency of the Province of Ontario, is building a seamless, convenient and integrated transit network across the Greater Toronto and Hamilton Area (GTHA). Over the next ten years, Metrolinx will transform the existing GO rail system to deliver a whole new rapid transit experience to your community. With more frequent train service, you'll have more options to get you where you need to go.

THE LOCAL PROJECT

Metrolinx contractors will be installing two pedestrian bridges at the new underpass and rail bridge. The road closure is required to safely accommodate the crane layout area and hoisting zone of the two structures.

QUESTIONS

If you have any questions or concerns about this work, please contact us any time at torontoeast@metrolinx.com.
