

TRANSFORMING TRANSIT IN YOUR AREA

Stouffville Stations RER Project – Steeles Avenue East Underpass Weekend Closure of Steeles Ave (May 24, 2019 to May 27, 2019) Information as of May 2019

Metrolinx, an agency of the Province of Ontario, is working to transform the way the region moves by building a seamless, convenient and integrated transit network across the Greater Toronto and Hamilton Area (GTHA). Over the next 10 years, Metrolinx is transforming the existing GO rail system to deliver a whole new rapid transit experience to your community. With more frequent train service you'll have more options to get you where you need to go.

PROJECT BENEFITS:

Once the Project is complete in 2021, you'll have:

- A new grade separated pedestrian bridge and underpass at the Steeles Avenue East intersection between Kennedy Road and Midland Avenue. Vehicles will be able to pass under a railway, without having to stop or wait for trains.
- The new pedestrian bridge across Steeles Avenue East will connect to both platforms at Milliken GO Station.
- A new second track and platform at Milliken GO.
- A renovated existing platform at Milliken GO.
- Two new pedestrian tunnels with elevators.
- Canopies and integrated shelters on the platforms to protect GO customers from the elements.
- A canopy-covered walkway to Steeles Avenue.

CONSTRUCTION UPDATE

Work is well underway to make major improvements to the existing Stouffville line, which includes infrastructure upgrades to the Agincourt GO, Milliken GO, and Unionville GO Stations and to construct a new underpass at the railway crossing Steeles Avenue East. EllisDon Transit Infrastructure (the Contractor) is undertaking the construction of the Stouffville Regional Express Rail Project on behalf of Infrastructure Ontario and Metrolinx. This notice is to provide you with an update of planned work happening along Steeles Avenue East and what you can expect in the next few weeks.

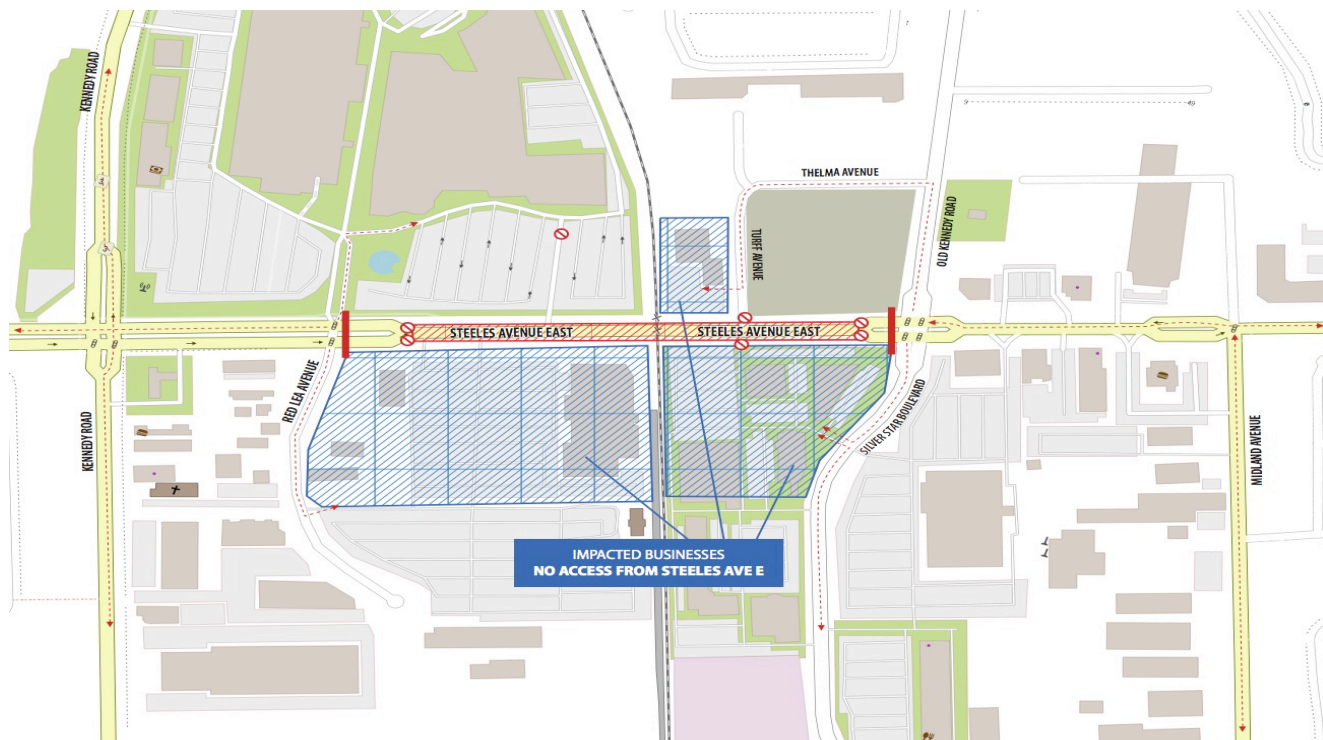

WEEKEND FULL CLOSURE on STEELES AVENUE EAST (BETWEEN REDLEA AVENUE AND SILVER STAR BOULEVARD)

Timing: Friday, May 24th (8 p.m.) to Monday, May 27th (6 a.m.)

Our Contractor will implement a full closure of Steeles Avenue to conduct construction on the Stouffville line railway. Here's what you can expect:

- The full closure will occur from Friday, May 24th at 8 p.m. until Monday, May 27th at 6 a.m.
- During the closure, we will need to close Steeles Avenue East between Redlea Avenue and Silver Star Boulevard to construct a temporary diversion railway track through Steeles Avenue.
- **For this weekend, vehicles and pedestrians will not be able to access businesses between Redlea Avenue and Silver Star from Steeles Avenue East.**
- Business access will be available through alternate routes (*See Weekend Full Closure Map on reverse*).
- You will notice more heavy equipment and cranes in the construction area.
- Due to the nature of construction, all dates are tentative and subject to change.
