

UPDATE: Maintenance Work Between Dublin Street and Wyndham Street

The expansion of GO Train service along the Kitchener GO corridor will transform the line into a more frequent transit experience - with fast and convenient train service that runs outside the rush hour.

Metrolinx has been replacing, repairing, and upgrading infrastructure along the Kitchener GO Line in the City of Guelph in support of GO Expansion. Part of this work includes rehabilitating two retaining walls between Wyndham Street and Dublin Street North.

WHAT THIS MEANS FOR YOU

- Starting the week of November 8, you will see crews setting up to facilitate the first step of this important safety related work.
- Work will generally take place Monday to Friday from 7 a.m. to 5 p.m. Some work will be required on weekends when there is less train activity.
- The public artwork on Wilson Street will be removed and will be reinstalled when work is complete.
- Starting the week of December 6, the east sidewalk along Wilson Street will be closed between City Hall and the Farmers' Market building for approximately 6 months. Pedestrians will be directed to cross at the nearest protected crosswalk at Gordon Street, walk up along the Wilson Street Parkade and cross back to the City Hall side at the crosswalk in front of the Parkade.
- All businesses in the construction area remain open and accessible throughout construction. Residents can expect some construction noise.

QUESTIONS

We have a dedicated Community Relations team available to answer your questions by email, Monday - Friday, 8:30 a.m. - 4:30 p.m. at GuelphWellington@metrolinx.com.
