

TRANSFORMING TRANSIT IN YOUR AREA

Lakeshore East Corridor

FEBRUARY 2017

Metrolinx, an agency of the Province of Ontario, is working to transform the way the region moves by building a seamless, convenient and integrated transit network across the Greater Toronto and Hamilton Area (GTHA). Over the next ten years, Metrolinx is transforming the existing GO rail system to deliver a whole new rapid transit experience to your community. With more frequent train service you'll have more options to get you where you need to go.

New Track

150 kilometres of new dedicated GO track will allow for more uninterrupted service.

New Trains

New electric trains will travel faster for longer and reduce travel times.

New Bridges and Tunnels

Bridges and tunnels that eliminate intersections with rail and road traffic will provide more reliable GO train service.

New Renovations

New and improved stations will make your journey more comfortable, from start to finish.

THE LOCAL PROJECT – SOIL SAMPLING AT WOODBINE AND BIRCHMOUNT RAIL BRIDGES

Metrolinx will be performing overnight investigative work at the Woodbine Avenue and Birchmount Road bridges along the Lakeshore East Rail Corridor. This work involves drilling into the ground and taking soil samples for analysis. At the Woodbine Bridge, this work is planned to occur overnight on Monday, February 13, 10:00 p.m. to 5:00 a.m. At the Birchmount Bridge, this work is planned to occur overnight starting on Tuesday, February 14 through to Friday, February 24, 10:00 p.m. to 5:00 a.m. each night.

TRANSFORMING TRANSIT IN YOUR AREA

Lakeshore East Corridor

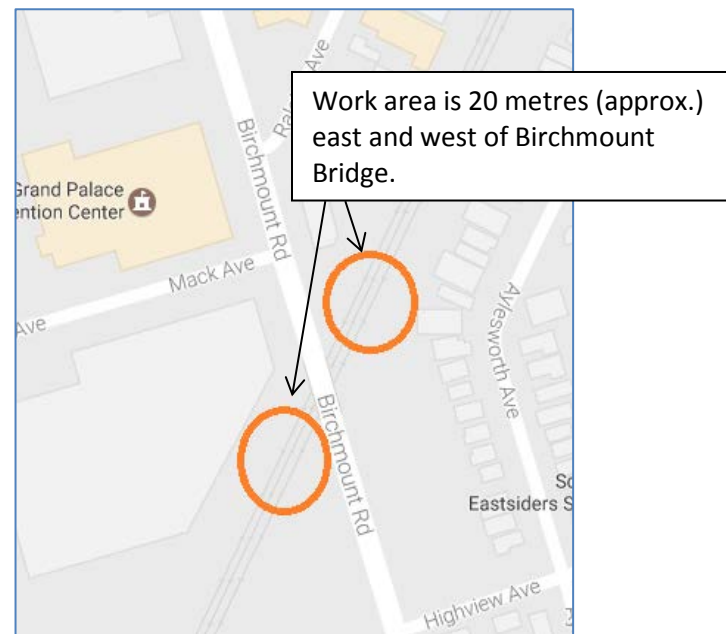

FEBRUARY 2017

WHAT TO EXPECT

This work will involve a small drilling machine, an excavator, and lighting. This work can only be completed at night when trains are not operating in the rail corridor. Some noise can be expected during this work. The work crew will try to mitigate the noise as much as possible and avoid directing lighting at nearby residences. This work may be rescheduled due to weather and site conditions.

Location of investigative work at Woodbine Avenue Bridge.

Location of investigative work at Birchmount Road Bridge.

Thank you for your patience during this work.
