

# INCREASING SERVICE TO PORT CREDIT

- As part of GO Service expansion, we are electrifying the GO service in core areas and delivering 15-minute service to areas like Port Credit
- This makes it easier to travel across Mississauga and the entire GTHA

# PORT CREDIT GO STATION DEVELOPMENT PROPOSED SITE PLAN

W

- 

Po

- 

- 

number of parking spots to be determined in discussions with the TOD developer.

## MAJOR PUBLIC ASSETS WITH TRANSIT ORIENTED DEVELOPMENT

- The Port Credit GO Station site is 3.4 hectares of publicly-owned land that is currently used for parking, much of it is surface parking
- The Port Credit Mobility Hub Master Plan Study identified a mixed-use Transit Oriented Development (TOD) at Port Credit Station
- The plan aligns with Metrolinx's and the province's vision to increase densities around transit stations to promote active transportation and transit use
- The City of Port Credit's Official Plan identifies the south side of the station as a transit-oriented development site that requires a Master Plan – *2015 Port Credit GO Station Southeast Area Master Plan*
- The plan was endorsed by City Council in October 2015 and subsequently approved the Official Plan Amendment in September 2016 which came into effect in October 2016

# WHERE ARE WE WITH THE TOD

- **Spring 2015**

- Completed a Request for Qualifications (RFQ) for TOD; prequalified 3 proponents

- **Next Steps**

- Metrolinx continues to work with the City of Mississauga and other stakeholders to refine the scope of the project and expect to release the RFP soon
- Timing for design and construction (dependent on the outcome of the RFP process)

# NEXT STEPS AND PUBLIC ENGAGEMENT

- **Public Engagement:** Once the RFP closes, and we have selected the preferred proponent, there will be opportunity for public engagement
- **Design:** proposed design will be shared with stakeholders and the community
- **Construction:** community will be engaged throughout construction to ensure any impacts are minimized as much as possible
- Stay tuned for details on the progress of the project, we encourage people to sign up at [PortCreditStation@metrolinx.com](mailto:PortCreditStation@metrolinx.com) to stay up to date on the project progress
