What is Happening?

Beginning as early as July 9 maintenance crews will be replacing track rail panels along the north side of the corridor between Cherry and Parliament Streets that will continue into August. Track replacement is necessary to ensure safety for our commuter and resident customers.

What to Expect?

Heavy machinery, back-up beepers, and other loud tools should be expected. New creosote-soaked ties will replace the old ties at Parliament Street. An odor may be detected by some who reside closer to the tracks for work scheduled July 16-18 and will linger for a period, but should dissipate quickly, even more so with the presence of rain.

HOURS OF WORK

- Work will be conducted overnight, between 9 p.m. and 5:30 a.m.
- July 9, 10, 1: Rail replacement Track E3 at Cherry Street.
- July 16, 17, 18: Track tie replacement Track E4 at Parliament.
- August 20, 21, 22: Rail replacement Track E4 at Cherry Street.

OTHER INFORMATION

For the latest information on what's happening in your area, please e-mail us at TorontoEast@Metrolinx.com and ask to subscribe to our e-newsletter.

Thank you for your continued patience and understanding while we work diligently in keeping our rail corridors safe and running efficiently.

Please note - all dates are subject to change and will be communicated accordingly.
